OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

No. 19686

Bangalore, 31st March 1916

From

Rao Bahadur

M. SHAMA RAO, Esq., M.A.,

Inspector-General of Education in Mysore.

To

.....P. G. D'Souza,.....Esq., B.A., B.L.,
Secretary to the Government of H. H. the Maharaja of Mysore,
.....Education and Agriculture Department.^e

SIR,

In forwarding herewith copy of letter No.1025/243 dated 9th March 1916 from the Superintendent, Chamarajendra Technical Institute, Mysore, recommending that half the number of pupils and teachers of the Institute may be given vacation by turns for 15 days each, commencing from the middle of April every year, I have the honour to inform you that in anticipation of the approval of Government, I have sanctioned the proposal of the Superintendent experimentally during the current year, no provision for vacation being made in the Government Order sanctioning the reorganization of the Chamarajendra Technical Institute. (Vide Section 12, page 13 of the Government Order No.8834-40/Edn.462-D9-24 dated 1st May 1913)

I request that Government may be pleased to approve of my action. I also recommend that in the case of teachers who will avail themselves of this short vacation, privilege leave to this extent on full pay may be commuted to one on half pay.

I have the honour to be,
Sir,

Your most obedient servant,

M. Shama Rao,
INSPECTOR GENERAL.

Letter No.1025/243 dated 9th March 1916 from the Superintendent, Chamaraajendra Technical Institute, Mysore, to the Inspector General of Education in Mysore.

I have the honour to inform you that the students have petitioned to be granted an annual vacation on a level with other Institutions in the State. It is very advisable that they should have some period of relaxation per year, and is considered a necessity in all European countries.

It is impossible to grant a general vacation in any Institution which carries on commercial business. Work orders cannot be disregarded entirely, or trade must be lost. But if half the students and staff were given leave at a time, I think this difficulty could be satisfactorily overcome.

The School is, at present, held during the mornings only from the middle of April to the middle of May, but this excludes boys from paying any visits to a distance and is one of the causes of irregular attendance. From the middle of April to the middle of May could be considered the vacation period and half the number of boys could be absent at a time, and in this manner, each would get a fortnight's leave, and work could be continuously carried on and any urgent orders attended to.

The Maistries could relieve each other with one exception, which could be arranged.

In submitting this scheme for your approval, Sir, I must beg you to consider the youthful age of most of the students; it is not advisable, for the sake of their health and physique, that they should be compelled to continuously work on the same terms as fully grown men.
